“People, their welfare, definition and spreading of everyone’s capacities stand in center of our work”

We are part of the elementary school
122. Grundschule „**Am Palitzschhof**”.

Together with the children we have created a place to learn and live – that means reach, friendly for the children, relaxing and beautiful days for children from 1st to 4th grade.

When children come in midday in the “Hort”, they have left behind a stressful time. Now they need time to play, to relax and to rest. They receive support in homework from friend as well as from the caretakers.

Our house is a very beloved place of the neighborhood, children, but also their parents, have the opportunity to spend some time together or just to be advised or helped.

Children can:

- Play, be active, or just stay inside,
- Dream, explore, to make new discoveries,
- Do a lot of other things separately

Offers may be:

- Sport and different games, (held daily outdoors)
- Experiments and researches (Project on nature and surrounding)
- Help on homework after corresponding with the teachers.
- Discussion and communication Ex. Over theatre, free time books or stories.
- Painting and competitions (drawing competition or ceramic courses) and
- Cooking and Baking (will test healthy receipts, new dishes)

Our facilities:

- Carefully equipped and comfortable classrooms.
- A very big indoor gym for activities, school and free time.
- Different sport areas
- Very green outdoor areas with different playgrounds
- Different group work
- Group work with parents and children
- Very creative and colorful group work
- School Mascot “Bella”
- School Social worker
- Free time, rest and relax.
- New climbing complex and new football field.

Methodic

- Every child has its own place inside the group
- Every group is supervised from a caretaker
- The caretaker is responsible for the children and the parents
- The caretaker handles with children up to 4th class.
- Children can interact with all other groups’ children.
- We work on mind opening, not spaces.
